the point of all existence in the end is connected to love whether that is love for another person self love or universal and spiritual love one of the main reasons all souls are here is to learn the nature of love love is to understand that even the most heinous person in your eyes has love built deep down in the core of their soul when you are in heaven you truly understand what universal love feels like love is the most powerful vibration that exists throughout all of time and space displaying hatred doesn't take much effort but to show love requires a complete soul do over in order to get back to that space your soul was born with love will always cost you something whether that's time or energy love will cost you pride when you need to let go of something that someone else did and extend the olive branch universal physical spiritual and soul love examines one of the most powerful vibrations that exists and that is love there are divinely guided discussions on what it

means to display universal love and spiritual love there is a heavy emphasis on the connection nature between souls from the karmic to soul mates and twin flames before devoting a good chunk on the practical which is of great interest in the physical world the mid section of this acts as a dating and relationship guide to finding a quality mate in a world dominated by the darkness of ego this is coupled with the challenges and benefits to finding and keeping love in a language that resides within the cold technology sphere it would be awesome if every single person on the planet was keenly aware of their innate psychic abilities built into their soul s dna because then earth would be as close to heaven as feasibly possible there would be never ending joy peace and love for every soul everyone would be operating from a higher vibration while moving mountains in the process we see this kind of amazing uplifting joy in others when they re in a high vibrational state universal physical spiritual and soul love has the goal and intention of filling the reader with as much as love as possible with the hope that it can motivate one soul back into their soul s natural state of love some of the topics discussed in universal physical spiritual and soul love include it s all about love creating the life you love self love and self care karmic soul connections soul mate soul connections twin flame soul connections the benefits and challenges of technology dating single and longing for a relationship love and relationships love is a battlefield seeking love through external validation divine soul love love yourself back to life bring out the good vibrations universal spiritual love and much more let more light into your soul s life with the metaphysical divine wisdom collection of books each cover a variety of distinctive themes connected to the spiritual and the practical interwoven and back around again the metaphysical divine wisdom practical motivational guide to spirituality series of books include psychic spirit team heaven communication soul consciousness and purpose manifesting fearless assertive confidence balancing the body mind and soul increasing prayer with faith for an abundant life and universal physical spiritual and soul love

a person can have many soul mates in a lifetime but each person has only one twin soul in each life this belief taught to me by my grandmother is one that has always filled me with wonder as a young child she often sat next to me in front of the fire blazing brightly in our tipi and spoke of the legend of the twin souls the legend is as old as creation itself it is said that as the creator was making human beings he was surrounded by souls to place in them the creator decided to take a single soul and split it in half creating twin souls he then took the two twin souls and touched them together as light as a butterfly s kiss the twin souls were then separated and placed respectively into man and woman the creator lightly touched them together so that when

they meet one day they will recognize the other's soul as their twin this is because they have already met at the beginning of creation and will immediately feel as if they have known each other forever i am sumanitu taka kici mani wiya which means she who walks with the wolf and live with my elderly grandmother shetawahki who is a revered elder and medicine woman of the lakota sioux nation and part of the roaming wolf sioux tribe

twin flame love stems from an energy that is so powerful only god could create it who knew that one energy ball could split into two separate souls but when the energy of the two souls come back together it opens the door for massive healing and awakening god knew and that is why he created it god was aware that we would enter this time period on earth where spiritual awakening would occur at an intense level he also planned for twin flames to unify in droves so the union of the energy would raise the earth's frequency of unconditional love twin flame love is my story of how my twin came into my life and changed me forever it is also a guide to aide others in their twin relationships you don't have to know if who you are with is your twin if you are in a relationship then this book is for you

the notion of twin souls is a metaphysical spiritual concept which defines a unique relationship between two souls eons ago a soul split in half and the two pieces then experienced separate lifetimes on earth always looking for and yearning for the other half when one of them meets the other half the actual half of himself the pair are lost in an amazement of love and friendship and intimacy and one will not be out of the other's sight even for a moment plato an archetypal depth and breadth of romantic interaction ensues the experience of deep passionate and romantic love is unlike anything ever experienced with anyone else at their first meeting they experience instant recognition along with a feeling of unfathomable oneness

they have a sense of coming home immediately a raw primal intense passion sexuality and sensuality exists for and with each other twin souls often find themselves compulsively and obsessively drawn to each other sexually emotionally physically and psychically the reunion of twin souls is rare twin souls unlike soul mates seldom incarnate together until they are ready to finish their lifetimes on earth twin souls a karmic love story is a partly fictional partly biographical account of a man and a woman who are bonded through time as twin souls and return to learn and grow do you know your twin soul

it is very easy to assume that a reunion with a twin flame is the epitome of the twin flame journey it is just the beginning of another journey it is the beginning of another chapter in both of your lives matter of fact things do not magically fix themselves you do not immediately re align harmoniously with each other right away it is important to note that this is the reason why the separation phase is important it allows you the space to grow you go through phases of transformation spiritually emotionally psychologically and physically therefore the separation phase is a blessing in disguise there is always friction when you are going through re alignment even though you feel healed and ready to physically be together expect some obstacles that both of you can troubleshoot your issues it could be that you make certain compromises like moving continents or countries or cities you might both want to move to a new place together to restart your life another compromise could be that you might need to learn a new language adapt to a new culture expect so many changes that you will go through to transform and grow together if you are struggling with healing and finding inner balance this book is your starting point i hope that it helps you to advance further on your journey stay blessed
